

## VERANSTALTUNG

[Zurück zur Übersicht](#)

[16. September 2019 - 20. September 2019](#) [In Kalender eintragen](#)

### Cluster Sensorik: Sensorik Summerschool

Sensorik Summerschool mediates essential basics of sensor technology in a user-oriented and practical way. Participants gain in-depth insights into interdisciplinary contexts of modern sensor systems from different fields of application. In addition to interesting specialist lectures, company visits and exchange of experience are paramount.

Target Group: Recent graduate or company representative

The event will be held in English.
